**Interesting Facts:** The school transport scheme provides transport for children who: Live 3.2 km or more from their local primary school or live 4.8 km or more from their local post-primary school. In general, you pay a fee for the scheme. However, school transport may be free to medical card holders, if the school transport scheme is operating in your area and your child is eligible. If a student qualifies for the school transport scheme but there is no transport service available, a Remote Area Grant may be paid to contribute towards private transport arrangements. These grants may also be paid to students who live 3.2 km or more from the nearest pick-up point for school transport. Free transport is available to children with special educational needs to and from special schools and classes. If transport cannot be provided, you may be able to apply for a Special Transport Grant to help with the cost of making private transport arrangements.

**September** in Irish is Meán Fómhair which translates directly as "middle of harvest"
